DETAILED ACTION

1. Claims 1-11 (formerly claims 5-10, 14 and 16-19) are allowable. The following is an examiner's statement of reasons for allowance:

Reason for Allowance

2. With respect to claims 1, 9 and 11 (formerly claims 14, 16 and 19), the prior art does not fairly teach the limitation of a data signal reception section for receiving data signals that have been transmitted wherein the section comprises a number a of clock signal extraction circuits, each of which extract a clock signal from each of a -bit data signals in n -bit parallel data signals that have been received, where a is an integer such that a is greater than or equal to 2 and also less than n ; a clock signal selection circuit for selecting a single clock from the extracted a clock signals, the single clock signal being designated as a reference clock signal and n phase adjusting circuits for adjusting the phase of said selected reference clock signal to produce reproduction clock signals for the received n -bit parallel data signals, each said signal providing a timing redigitization of each of the received n -bit parallel data signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
